The USC Women in Science and Engineering (WiSE) Program invites speakers hosted in the lecture series of individual WiSE members. The WiSE Program provides competitively awarded support to WiSE Opportunities of Interest. Women in Engineering (WIE) will be hosting a monthly opportunity for students. The WiSE Program hosts a keynote speaker and other guest lecturers, including speakers from diverse fields such as computer science, engineering, and social sciences.

The WiSE Program offers the IBM Ph.D. Fellowship Awards Program, which is an intensely competitive worldwide opportunity for students. The program is open to students from diverse geographic areas, including students in Europe and Russia. All IBM Ph.D. Fellows are matched with an IBM Mentor according to their technical interests, and they are strongly encouraged to participate in an internship at IBM.
